## Other Finishes

Our designers and fabricators can build an elevator to match virtually any decor... from the the polished feel of industrial stainless steel...to the sleek contemporary design of glass, mirror and chrome. We also offer unfinished cab interiors that can be finished by the contractor or homeowner.

For more information on cab finishes, availability of custom designs, please contact a Sales Representative today at (734) 246-4700 or visit us on the web at [www.elevatorconcepts.com](http://www.elevatorconcepts.com).

Photo/print reproduction of finishes may differ from actual surfaced supplied.

## Technology, Reliability Quality...

Since 1986 Elevator Concepts LTD has designed and manufactured high quality TIGER LIFT® elevators specifically for the residential and access market. While we have an extensive line of standard products, we specialize in custom designed elevators to suit unique structural or aesthetic requirement.

All TIGER LIFT® elevators combine the latest technology with value, quality and reliability, with innovations like vacuum stress skin cabs and Hall effect electronic switches.

Every TIGER LIFT® is backed by superior customer service, technical support, and an one year limited warranty.

# Cab Finishes

Elevator Concepts understands how important the finishing touches can be in the achieving the overall appearance of your custom designed elevator. By offering a wide selection of standard finishes, we provide the flexibility you need to suit your decor while maintaining your budget.

## Selecting Your Cab Finish

A choice of one finish for cab walls and ceiling is included in the price of the elevator. Multiple finishes, or finishes not represented on these charts, are subject to additional charges. All finishing surface material subject to availability. Custom millwork, hardwoods, veneers, laminates, partial or full glass, and stainless steel cabs are also available.

## Standard Cab Finishes

Our standard cabs are constructed of 3/4" melamine panels, offered in six decorative matte-finish surfaces. Superior craftsmanship and durable building materials make this an economical and attractive elevator interior.

## High Pressure Formica® Finishes

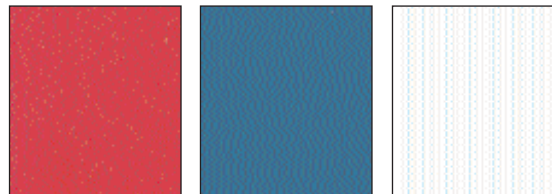

Optional decorative laminate panels in matte-finish solids, light and dark wood grains and a variety of decorative patterns are both durable and beautiful.

Laminates can be applied to 3/4" plywood, or our unique stress skin vacuum formed panels, which are light weight and warp and crack resistant.
